A MESSAGE FROM HEAD COACH – LUCAS ALLEN

Wolfpack,

Our group is absolutely hyped to be back on our home floor, playing in front of the best fans in the COUNTRY one more time this year. There's nothing like the atmosphere you create, and our players feel every bit of that energy.

This season—like any—has thrown its challenges our way. But every time something has been put in front of us, this group responds. We've grown, we've adapted, and we've continued to raise our standards as the season has gone on. I want to acknowledge the adaptability of our players throughout the year. The position we're in doesn't happen by accident. It comes from consistency, coachability, and a willingness to do whatever is required for team success.

A huge thank you goes to our families. Your support allows our players and staff to do what is needed to compete at this level. Your commitment behind the scenes is a massive part of why we're able to excel.

Thank you also to the WBA staff and volunteers. You are the reason we get to play in the best game day environment in Australia. What you create here is special, and we're proud to represent it.

Tonight, we take on Geraldton — a team that has been the benchmark of the competition for a number of years. When we played them in Geraldton earlier this season, they smacked us good and proper. We haven't forgotten that. Now we host them for the first time in 2026, and we plan to use that experience to fuel our fire tonight. We're a different team to the one they saw last time, and we've got our home crowd behind us as we chase an important win and a spot in next week's Grand Final.

Tonight will bring its own challenges, and we're going to need your support every step of the way. Stay with us. Stay behind us. Bring that energy that our team thrives off.

Let's get it done. Go Wolves.

Lucas Allen
