## A MESSAGE FROM HEAD COACH – MITCH LANGFORD

Hi Wolfpack Fans,

Thank you for bringing the support, the energy, and the love every week! The Wolfpack community has been nothing short of special and playing at home in front of so many of you just brings another level of energy to the whole group!

This season in the NBL1 West has been a tough battle every week. With no weeks off and a tough team every week, we're really pushing towards being better every week to prepare for them. This week is no different with Goldfields coming to town.

We know we can play at a high level and compete with the best in the West, and we have been feeding off the amazing home crowd energy every chance we get! We are ready to bounce back from our road trips over the last two weeks and have the opportunity to put together a 40 minute game at home in front of you all!

We can't wait to have you behind us and supporting us to a win!

Mitch Langford

## A MESSAGE FROM HEAD COACH – LUCAS ALLEN

Wolfpack,

We're excited to be back home tonight. There's nothing quite like playing in the front of you all, having our community behind us always gives this group a lift.

Goldfields come in with some serious talent across their roster. Danny Phippen and Sam Vinson are both averaging 22+ points per game and have been elite scoring threats all season. This week they also welcome back Josh Duach, who averaged more than 22 points in 2025 and adds another dynamic weapon to their lineup. On top of that, Michael Jok has been lights out from deep, shooting an impressive 44.4% from three so far this season. They're a dangerous team, and we'll need to be sharp from the opening tip.

Tonight is also a special night for our program as we celebrate two significant milestones. A few games ago, Damon Ballantyne played his 150th, and tonight Caleb Davis steps onto the floor for his 200th SBL/NBL1 game. Both Damon and Caleb are integral parts of who we are. They lead in their own way, they contribute at both ends of the floor, and they bring personality and character that make this environment competitive, connected, and enjoyable for everyone in our group.

Congratulations to both Damon and Caleb — two outstanding men whose impact on our program goes far beyond the box score. Please join me in celebrating their achievements and the legacy they continue to build here.

The plan is simple: honour their milestones with a great team win. You're all part of that team, and your support will play a huge role tonight.

Go Wolves.

Lucas Allen
